

How We're Different...

24/7 Care

Around the clock, personalized care is included for all residents. Thanks to a low staff to resident ratio, our team is able to give exquisite care.

Home-Like

Everything about our home was designed to feel like an actual house. Luxury furniture, beautiful artwork, and cozy community spaces.

Luxury Feel

No expenses were spared when creating a refined environment for residents who enjoy the finer things life has to offer.

Chef-Inspired Meals

Our menu is fresh made in a state-of-the-art kitchen. Three balanced meals per day are prepared and served to residents. Our chef takes pride in the craft.

Independence

Residents whose health permits are free to live as independently as they'd like. We're there to help them through this life transition.

All-Inclusive Home

The monthly rate (check current price on our website) includes everything; a private room, great food, 24/7 care, and a cozy-homelike environment with plenty of engaging activities.

There's No Place Like Home...

Unless You Recreate It....

The Story of Sincerity and Our "Why"

Our Founder, Riley Palmer, was faced with a challenge in life. His beloved wife of 50+ years, Diane, was diagnosed with dementia. Wanting the best care for her, he hired in-home caretakers, all the while searching for a long-term care facility that met their needs. He didn't want to move her into a home with hundreds of residents and less than personal care.

Instead, he wanted a small environment that reminded her of home with personalized, around the clock care. When he couldn't find such a place, he leaned into his construction background, and built it. The nearly 5,600 square foot facility in Tallahassee houses 6 individual units and is now accepting residents. Apply with the barcodes throughout this brochure.

Each unit is a blank slate, giving residents and their families the freedom to make it feel like the home they're accustomed to. Community areas were designed to be an extension of this environment. Throughout the house, you'll find family heirlooms, luxurious furniture, beautiful antiques, glamorous artwork, exquisite dishware, and much more!

Care That Cares.

Our staff of caretakers are licensed professionals who go the extra mile to ensure your loved one feels comfortable, dignified, and respected. They are more than caregivers—they are companions who take the time to understand each resident's unique needs, preferences, and routines. Whether assisting with daily tasks, providing medical support, or simply sharing a conversation, our team fosters genuine connections that create a warm and nurturing environment. With compassion and dedication, we strive to make every day enriching and meaningful for each resident.
