Care That Cares

Our staff of care partners are credentialed professionals who go the extra mile to ensure your loved one feels comfortable, dignified and respected. They are companions who take the time to understand each resident's unique needs, preferences and routines. Our team fosters genuine connections that create a warm and nurturing environment with compassion and dedication. We strive to make each day enriching and meaningful for each resident.

With one staff per three residents, we offer round the clock, customized care that can be geared to the specific needs of each resident. Contracted providers can provide on-site primary care and more. Residents are welcome to utilize providers of their choice in any areas, where they can have customized or tailored care come to them on-site.

All Inclusive Luxury Boutique-Style Assisted Living

- Conveniently located near both hospitals and medical offices and easily accessible roads
- Customized on-site therapy services
- 3 family-style meals plus open kitchen availability
- Holistic modalities included at no extra charge: massage therapy, yoga therapy and sound therapy
- No move-in fees or add-on fees
- Linens, toiletries, medical supplies as well as monthly grooming services are included at no extra charge
- Residents with cognitive decline are integrated into the community rather than isolated, to encourage an age-in-place community
- On-site transportation available

Our Story

When Riley Palmer's wife of 50+ years, Diane, was diagnosed with dementia, he wanted to provide her the best care available that she deserved. He didn't want her in a facility with hundreds of residents and less than personal care. When nothing existed in Tallahassee, he decided to lean into his construction background and build a home that would house 6 residents and offer personalized care with a ratio of 1 staff to 3 residents. Round the clock LPN-credentialed care partners that offer a home environment geared to the specific needs of your loved ones.
